

Design Change for Beauty Line Exclusive

WellerFT offers its „Beauty Line Exclusive“ extraction units in a new housing color and state-of-the-art design. Shipment is planned from April 2014, depending on customer orders.

Lid Lock

- The lid is fastened by strong lock clamps to ensure a long-term sealing between lid and main filter

Beauty Line Logo

- New WellerFT Beauty Line Logo will be stuck to the housing

Housing Color

- The white color adjustment is in accordance with the general color.

Beauty Line Exclusive 1

Extraction Unit Beauty Line Exclusive with two extraction inlets

Flexible extraction arm with sloped nozzle

Part no.: 970-1021

Beauty Line Exclusive 2

Extraction Unit Beauty Line Exclusive with two extraction inlets

Tripod extraction arm with valve, flexible hose, sloped nozzle and extraction hose

Part no.: 970-1023

Technical Data	
Dimensions L x W x H	340 x 340 x 600 mm
Weight	18 kg
Mains supply voltage	100-240V 50/60 Hz
Electrical Power Rating	100 Watt
Max. suction capacity	100 m3 h
Noise emission level	50 dB (A)
Dust filter	F7 Filter bag 97 % efficiency particle up to 0,12 µm
Combined filter	E12 high efficiency filter > 99,5 % efficiency particle up to > 0,12 µm Activated carbon 99,95 % efficiency
